

Sioni & Sam's Activity sheet: Amazing Anadromous Adventurous Atlantic Salmon!

We hope you agree that our Atlantic salmon are simply superb!
They live incredible lives in incredible places, let's see what
fascinating facts you can remember about their life cycle.....

You'll need: to move your body, sing out loud, have fun and oh
yes... pencils, paper and maybe look at the video clip!

Thinking fins on, can you...

Put the names for the different stages of the salmon's life cycle
in the right order?

Parr Egg Smolt Fry Adult Alevin

Draw a picture to go with each name?

Find the special word on this page which describes fish that can
live in fresh water and salty water?

Name the ocean they spend some of their life in?

Finish these sentences...

Salmon start their lives in an underwater nest made from gravel
called a _ _ _ _ .

Salmon use rivers like we use _ _ _ _ .

Dancing fins on!

Time to sing, shake, dance and swim! Can you make up your own
life cycle song and dance for our Atlantic salmon? Or can you
add musical instruments. We know your songs will be great, so
just have fun. If your family would like to share your singing
and dancing with us, please ask a grown up to send it to
