

Parent/Guardian Notes:

Wonderful Water Cycle:

- What's the word we use to describe where a river starts?
Source
- Find out the name of nearest stream or river to you? Does it become part of the river Wye or the river Usk?
You will need to look this up on a map or google it!
- Where in Wales does your river start its journey to the sea and what kinds of things would you expect to see there?
River Wye: Plynlimon
River Usk: The Black Mountain/Ysgol y Mynydd Du
You would expect to see mountains, streams, little waterfalls maybe sheep, other mountain wildlife etc.
- Can you name and make up actions for 3 types of precipitation?
Rain, snow, hail, sleet. Check out the actions they have made up
- What's the word that describes where the river meets the sea?
Estuary
- What 2 things happen at the seaside to make clouds?
Evaporation and condensation
- Life story of a water droplet; ask the children to talk you through their story/pictures.
